To: North Dakota Sales, Use and Gross Receipts Tax Permit Holders

Subject: Tax Changes Effective April 1, 2008

Date: January 24, 2008

The following summarizes the local option tax changes effective April 1, 2008. More detailed information will be mailed to permit holders located within the city where the change occurred.

**New Rockford**

The city of New Rockford will increase its city sales, use and gross receipts tax by one percent (1%). The tax rate for New Rockford starting April 1, 2008 will be two percent (2%). In addition to the rate increase, the following change was made to the ordinance:

- Increased Maximum Tax (Refund Cap) to \$50.00 per transaction

**Maximum Tax (Refund Cap)**

Prior to October 2005, most local sales taxes included a maximum tax provision (now also known as a refund cap). This was a maximum amount of tax that could apply to a single transaction. In October 2005, the caps were replaced with a refund program. Under the refund program, the retailer was required to collect tax on the entire sale without considering the caps. If the purchaser pays more than the maximum tax amount on a purchase, the purchaser may apply to the Tax Commissioner for a refund of any tax paid in excess of the cap. Beginning July 1, 2007, retailers may voluntarily collect up to the cap amount as a convenience to their customers so the purchasers do not need to apply for a refund. Retailers are not required to calculate caps and may continue to collect tax without regard to the caps. Retailers should be consistent in the method they choose to calculate local taxes.
